

Welcome.^{CRHP 2.0}

There is **More** to **Life**

What is Welcome?

At Dynamic Catholic, we believe that transforming people one-at-a-time is at the heart of God's plan for the world. There isn't a resource or a program at Dynamic Catholic with a stronger track record of transforming lukewarm parishioners into dynamic parishioners than Welcome.

Lasting and impactful evangelization rarely happens through a one-time event. It often happens slowly, through an intentional process. Welcome is not a quick fix or an easy solution to the great challenge of parish renewal. It is a proven process for slowly, intentionally, and powerfully transforming your parish one-person-at-a-time.

Welcome accomplishes this with an intentional four-phase path:

Phase One: Attend a retreat led by fellow parishioners designed to trigger interest in a deeper spiritual life

Phase Two: Go through a 12 session small group formation process that fosters a deepening relationship between the individual and Jesus and the individual and their fellow parishioners

Phase Three: Deliver the same retreat to a new group of parishioners, learning to take ownership of your faith and deepening your bond with those you are delivering the retreat experience with

Phase Four: Continue growing in the faith with the individuals you delivered the retreat with and give back to the parish by joining a parish ministry

Is Welcome right for your parish?

To discern if Welcome would be a good fit for your parish, ask yourself the following questions:

1. Do you believe that fostering strong community and deepening spirituality through small group formation could be an effective path to strengthening your parish?
2. Do you believe that parish renewal happens one person at a time?
3. Are you willing to appoint one staff member as the Welcome Coordinator at your parish and temporarily shift the responsibilities of some of your best volunteers to launch Welcome?

If you want to try something bold that has a 50-year track record of success in over 1,300 parishes, give our team a call at **(859) 980-7887** to learn how to get Welcome started in your parish.
